

Recover more of what
you are owed

The Sheriffs Office®
We recover more for you

Getting back the lion's share

Speed is of the essence

When your judgment remains unpaid, it's vital to act quickly to enforce ahead of other creditors and to minimise the impact on your business. According to the insolvency trade body R3, late payment by customers causes 20% of corporate insolvencies.

We provide the full range of High Court enforcement and Certificated Enforcement Agent services across England and Wales, supporting businesses of all sizes in every sector.

High Court enforcement in a nutshell

Both County Court (CCJ) and High Court judgments and orders of £600 and above (including court costs) can be transferred to the High Court for enforcement by The Sheriffs Office. This entire process is managed by our transfer up team and is free of charge.

There is a court fee of £66* to obtain a writ of control and this fee will be recovered from the debtor if enforcement is successful, along with the judgment debt, court costs, interest at 8% and our enforcement fees. If enforcement is not possible, you will only be charged a compliance fee of £75* plus VAT.

* These fees are correct as of July 2016, but may be subject to change by HMCTS.

Outstanding service

The Sheriffs Office is one of the largest and most successful firms of High Court Enforcement Officers (HCEO) in the country, with a recovery rate which is consistently far in excess of the national average.

Our services

Judgment enforcement

We enforce County Court and High Court judgments and orders against individual and business debtors. We are permitted to force entry to business premises to take control of goods.

Volume judgments

Simplicity is designed for organisations with a large volume of judgments. You can bulk upload instructions in one form instead of one per case. We can also incorporate your customer engagement policies into the enforcement process.

Foreign judgments

We enforce judgments issued in courts outside England and Wales against debtors with assets based in England or Wales.

Debts under £600

We can also help you with the recovery of debts under £600 using our nationwide field agents and telephone teams.

Asset, document & counterfeit repossession

We enforce writs of delivery to recover specific assets, as well as seize and remove counterfeits.

Eviction & commercial property

We will remove trespassers, activists and travellers from property and land under Common Law (land only) or a High Court writ, as well as assist with site security. We recover commercial rent arrears through CRAR or under a court judgment and we can repossess commercial property by forfeiting the lease or under a writ of possession.

Tracing

We have a large in-house team to trace debtors and absconded tenants, searching a wide range of databases and using the very latest tracing software.

About The Sheriffs Office

We are a leading firm of authorised High Court Enforcement Officers (HCEO) and Certificated Enforcement Agents covering all of England and Wales.
